*Thank you for allowing me to be part of your dog's training team! I look forward working, playing and just plain relaxing with your dog.*

*It is important to understand that training is an ongoing process requiring regular involvement by all people handling the dog. It is my goal to take your dog as far as I can in the time allotted then help you move forward in an effective, efficient manner to achieve the results you desire. Knowledge transfer takes place on the day of pick-up and normally lasts 1 – 2 hours depending on the length of stay. During this time, I will explain my findings regarding your dogs; temperament, learning style and motivators. I will demonstrate how to work with your dog and coach you on doing the same. Should you require additional help after leaving school please let me know. I am available for one-on-one coaching in surrounding areas and can often answer simpler questions adequately over the phone or by email. Many clients have also found it beneficial to bring their dog back for a 'tune-up' several months to 1-year later.*
